Message from President Martha

Well, this is it. A week from now we will be gathering at **Pat Weiss's** home for what we hope will be a Republican Tsunami. We know there are going to be some big gains nation wide, BUT California is still up for grabs.

Over the last month, many of you have been helping out at the Redondo, Torrance and/or Manhattan Headquarters. Others have been walking precincts. I want to thank all of you for representing our club with great enthusiasm. There are 300,000 "lazy republicans" in Los Angeles County (Registered Republicans who have not been good about getting to the polls). Our phone banking efforts are making a dent. If 30% of these voters cast their ballots for California Republican candidates, we could see a change in this state.

The Redondo Beach and Torrance Headquarters are open everyday 9-9. You can drop in any time and help out. There will also be a big push on election day to get Republicans out to vote. We will be providing rides to those that need them, or helping in other ways. This is an aid that Democrats have long employed. They do not have a patton on it! We have three members who are willing to help with this, but we could use more. Please consider this opportunity to help on the very last day of this election!

Our next regular meeting is scheduled for Novembrrt 16th. We will be holding our club elections. We are not sure who will be speaking yet ... we are certainly hoping that our local Candidates will be victorious, and we can hear about their plans. BUT we have a big week to go.

Also coming up (hard to believe) is our Annual Christmas Party. Again, the Shafers will be our hosts. This will be a catered event, so there we will be charging for the wonderful food. Ambience and fellowship are free! We will firm up the details soon. We do have the date ... Friday, December 4th. We will also conduct the installation of the new 2011 officers!

Okay everyone! 7 days to go. Pound the pavement and hit the phone banks.

President Martha

Thank you for sharing this hilarious cartoon Joana! It reminds me of the explanation to our naive liberal youth about Obama's desire to *spread the wealth around*. "How about sharing some of the "A's" that you studied so hard for with those that decide studying is a waste of time!"
